

WEEKLY UPDATE AND NOTIFICATION OF NEW CASE
November 13, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had seventy residents and twenty-two staff members test positive for COVID-19.

Due to the 15.2 % positivity rate in Washoe County, we are testing all of our employees on a twice weekly basis. All testing outcomes have thus far returned with negative COVID -19 results.

This week we began our affiliation with the ECHO Project to maximize our knowledge of best practices and infection control management. We are working collaboratively with the University of Nevada Medical School – Reno and other health care facilities in Northern Nevada.

Unfortunately, the high community positivity rate also necessitates that we remain closed to on site visitation at this time. Please continue to utilize our schedule for face time and window visits in the interim.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 775-829-7220.

Sincerely,

Ellen Kelly
